

MOTION BY SUPERVISOR MARK RIDLEY-THOMAS**JUNE 27, 2016****Ensuring Regular Reports on Board-Identified Priority Areas**

On July 7, 2015, the Board of Supervisors (Board) adopted recommendations to amend the Los Angeles County (County) governance structure to ensure effective service delivery, efficient utilization of limited resources, and timely implementation of Board policy directives. As part of the governance change, the Board authorized the Chief Executive Officer (CEO) to establish ad hoc initiatives in order to address emergent Board priorities. At that time, the three major priorities identified included the Sheriff's Department's reform, strengthening the Child Welfare System, and Health Services Integration. Shortly thereafter, a fourth priority, homelessness, was identified and a Homeless Initiative was established within the office of the CEO.

Over the past year, the Board has approved the allocation of a significant amount of financial and human resources to each of these priorities areas and dedicated considerable time and attention to these initiatives during its meetings. To ensure that the Board is regularly updated on these priorities it is appropriate that regular reports be provided on the status of progress, developments, or challenges in each of these areas.
